

DOMINI DEL LEONE

Prosecco DOC Spumante Extra Dry

100% glera

Alc 11%

6-8°C

The Glera grapes of our Venice mainland estate are nourished with bands of “Caranto”, the ancient Pleistocene stratification, which is composed of compact clay-loam soils with calcareous nodules. The peculiar minerality of this soil, located near the Lagoon of Venice, conveys a complex aromatic balance to every single grape, while the proximity to the sea and to its winds gives them a distinctive sapidity, which increases their aromas. The first fermentation takes place after the grapes are pressed. The second fermentation takes place once the wine has been stabilized, using a Charmat method, and lasts at least 8 weeks, in order to obtain a fine perlage.
